

The background of the slide features a professional office setting. In the foreground, a person's hand in a grey suit sleeve holds a dark pen over a document. The document contains a colorful bar chart with blue, green, and red bars. Another person in a blue suit is partially visible in the background. A large, dark blue diagonal graphic element cuts across the right side of the image.

# FINANCIAL MANAGEMENT

*For businesses more agile*

DOMINGUES E PINHO  
CONTADORES

We believe in an increasingly efficient, integrated, and analytical financial management. Strategic, this area should **support decision making** and **assist in maintaining healthy and accurate financial indicators**, based on structured processes, always allied to technology.

The outsourcing services of **Domingues e Pinho Contadores'** Financial Management support domestic and foreign companies to achieve a better performance enabling them to focus on what really matters: their core business.

# OVERVIEW

We are experts in managing treasury operations, always respecting the policies of authorization of expenses and responsibilities. Our services include accounts payables/receivables, budget management, opening of bank accounts, investments and exchange operations. Currently, more than 100 clients rely on our solutions.

## ADVANCED TECHNOLOGY

Technology is our greatest ally, ensuring information security based on strict protocols.

## PROCESS

Continuous improvement process ensures the efficiency and control required at different approval levels.

## HIGH PERFORMANCE

Specialists qualified for an agile and efficient service in the controllership demands.

# BENEFITS OF FINANCIAL MANAGEMENT FOR YOUR BUSINESS

## FINANCIAL PEACE OF MIND

With financial management up-to-date, your company has peace of mind to make payments and short-term and long-term investments.

## ACCURATE INFORMATION

The financial control will make possible having financial reports with accurate and reliable indicators, which are essential to management and decision-making processes.

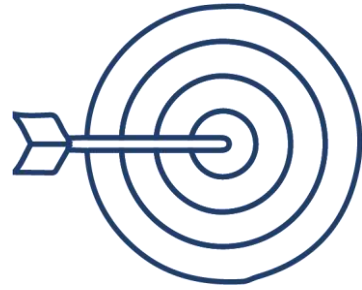

## COST REDUCTION

In addition to the operational costs reduction by outsourcing the financial management, the company now has financial reports for a better management of operational expenses.

# FOCUS ON SOLUTIONS

Check out how Domingues e Pinho Contadores' **Financial Management** service can help your company with **efficiency**, **agility** and **absolute confidentiality**:
